Jorge Serrano

SOFTWARE ENGINEER

Experience

SOFTWARE ENGINEER

Mercado libre
June 2021 - Today

- I facilitate effective communication between teams, promoting a smooth and aligned collaboration in all projects. I develop scalable and functional solutions in both backend and frontend, ensuring the integrity and quality of the final product. I coordinate strategic initiatives and efficiently manage team tasks, achieving deadlines and specific objectives.

JR FULLSTACK DEVELOPER

TOBS
December 2019 - June 2021

- In my role at the company, I worked as a fullstack developer, assuming various responsibilities that included the creation and maintenance of services implemented in technologies such as PHP, HTML, CSS, React and Node.

PROGRAMMING TEACHER

- Personalized and well-structured classes, with didactic material that allows students to learn and understand the topics addressed in an effective way.

FREELANCE DEVELOPER

- Development of backend and frontend apps.
